

Dr. Barbara Steiner

Stiftung Bauhaus Dessau

- Wie kann die BUGA 2035 auch als kultureller Prozess erzählt werden: als gemeinsames Lernen, Experimentieren und Gestalten auf dem Weg zu einer Stadt, die sich über viele Jahre hinweg verändert?
- Wie können temporäre Installationen, Ausstellungen, Veranstaltungen oder Kommunikationsräume so gestaltet werden, dass sie nachnutzbar, wandelbar oder zirkulär gedacht sind?
- Welche Erfahrungen haben Sie mit ressourcenschonender oder klimabewusster Ausstellungsgestaltung gemacht – etwa im Hinblick auf Materialien, Wiederverwendung, Transport, Produktion, Energie oder temporäre Bauten?
